Approved For Release 2009/03/23 : CIA-RDP89-00244R000701530023-6

AD HOC COMMITTEE FOR OFF-SITE TRAFFIC TO/FROM CIA

STAT

November 10, 1983

Mr. Harry Fitzwater
Deputy Director for Administration
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Fitzwater:

STAT An issue of concern which continues to arise relative to the Agency's expansion plans is the subject of "parking." In accord with our informal discussion with [redacted] on Oct. 13, 1983, we believe it would be constructive if the CIA would formalize a policy which would stipulate that all employee parking be "on-site" and not in local residential communities. Mr. Meyers further stated that he "felt certain" that the Agency would be willing to commit to supporting restrictive parking laws if parking in proximate residential areas becomes a problem.

We are looking forward to your early response and the opportunity to review the draft policy. We are available to provide such additional information and clarification as you may desire and appreciate the time and effort Agency staff have expended towards developing mutually acceptable solutions to off-site traffic management problems.

Sincerely,

Gloria Adams
